

WCTE Auckland 2012

16 - 19 July

World Conference on Timber Engineering

On behalf of the Australian and New Zealand conference steering committee we invite you to participate in The 12th World Conference on Timber Engineering which will be held in Auckland, New Zealand, July 2012. The first Pacific Timber Engineering Conference in 1984 was hosted by New Zealand followed by Queensland, Australia. The Pacific conferences set the scene for 10 successful World Conferences held prior to WCTE 2010 in Italy.

The conference will take place at the SKYCITY Auckland Convention Centre. As always this event features extensive networking opportunities which will be offered in the midst of the industry exhibition. Fantastic pre and post recreational tours will be on offer in both Australia and New Zealand, plus a variety of technical tours for those arriving in Auckland a day earlier or staying on after the conference concludes.

To find out more information about pre and post tours, the education and social activities week visit our stand located in the foyer of the Convention Centre. Our website is also being regularly updated www.WCTE2012.com and will continue to grow over the next two years.

We look forward to meeting you in Italy and welcoming you to Auckland, New Zealand July 2012.

Kind regards

Hugh Morris
WCTE 2012 Conference Chair
